

A Simple Solution for Complex Communications

Self-Service Correspondence Management Made Easy

Given the cost and lead time involved in using programming resources, your employees need a user-friendly way to create customer communications on their own. With Venture Editor, your team can collaborate with each other to build, edit, and approve communications for rapid omni-channel delivery.

About Us

Venture Solutions brings efficiency to an increasingly complex industry. For more than 50 years, Venture Solutions has focused specifically on the unique requirements of customer communications delivery. We continuously invest in industry-leading talent and technology to deliver print and digital communications with absolute security and control.

BRAND

Preserve image integrity through a controlled working environment

EFFICIENCY

Store content, templates, and business rules in one central location

COMPLIANCE

Reduce risk by locking down critical compliance-related information

CONSISTENCY

Ensure a "single source of truth" across communications & delivery channels

CONTROL

Maintain an audit trail of all changes for precise version control

SPEED

Create, proof, and test correspondence in real time

A digital dashboard for collaboration

Venture Editor from Venture Solutions enables large enterprises to develop communications collaboratively — without costly programming resources, capital expenditures, or ongoing software maintenance.

With Venture Editor you can...

STRENGTHEN the customer experience by maintaining a more consistent voice and brand image

REDUCE cost by empowering your team to create communications themselves

RE-USE content assets across multiple delivery channels

PERSONALIZE customer messages in every channel by mining your data assets

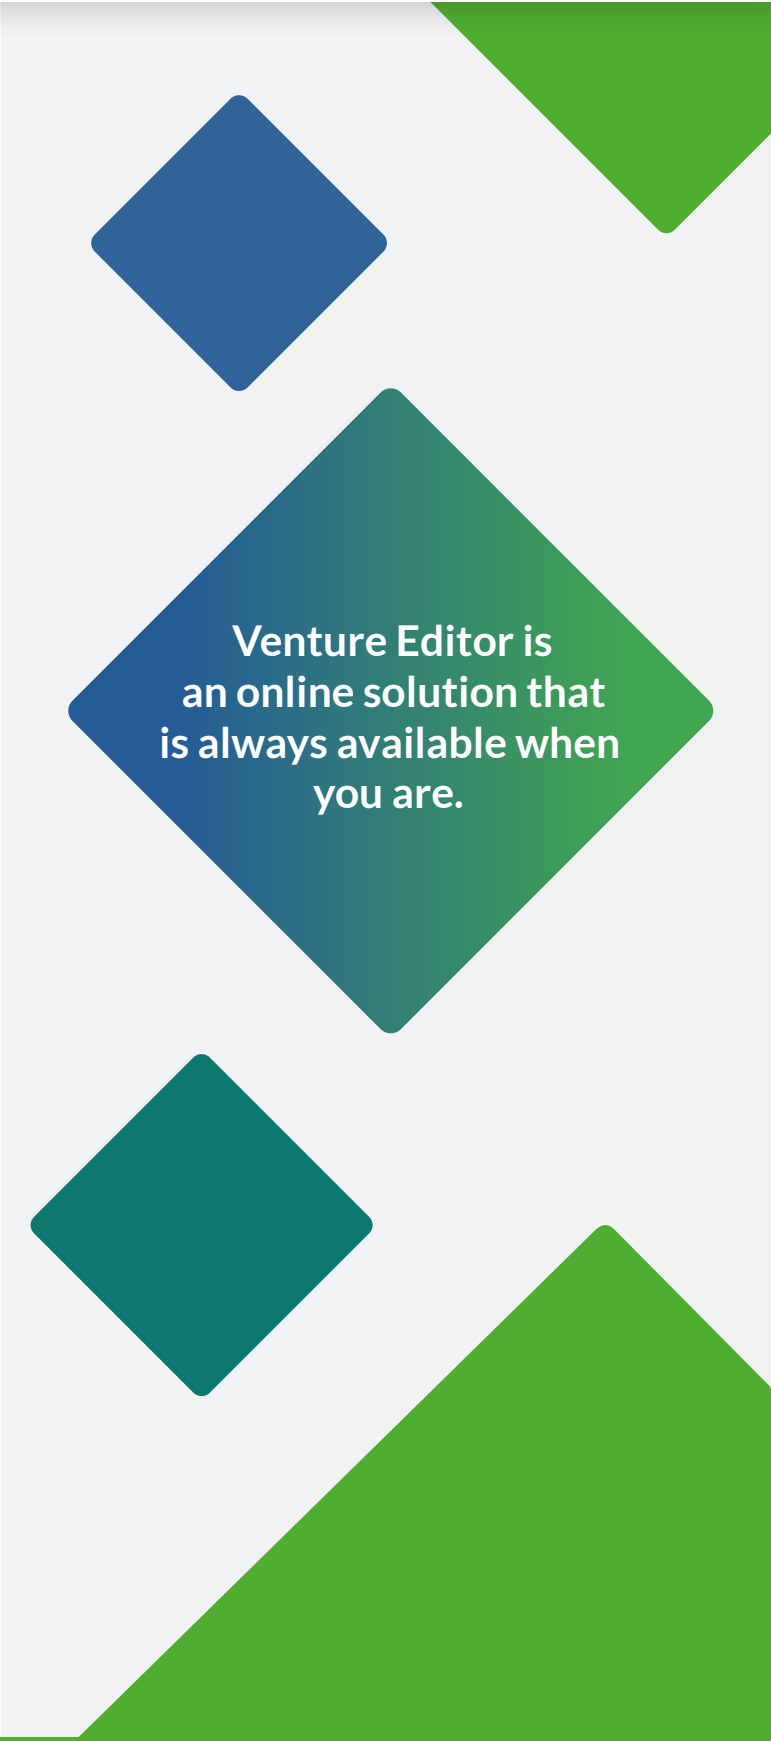

ACCESS best-in-class tools and resources without a capital expenditure

MINIMIZE non-compliance risk by standardizing disclosures and disclaimers across all communications

FACILITATE approval cycles and sign-offs with built-in workflow controls

ACCELERATE delivery of time-sensitive notifications and required disclosures

GAIN more time for strategic initiatives by streamlining communications delivery

**Venture Editor is
an online solution that
is always available when
you are.**
